PROFESSIONAL SUMMARY

I am a **Full-Stack Developer** and **AI Engineer** with experience **building production-ready web applications** and integrating **AI-powered features** into existing systems. I possess strong skills in **TypeScript, React, Next.js, Node.js, and Python**, and am passionate about **writing clean, scalable code** that delivers practical, real-world impact.

WORK EXPERIENCES

Software Developer Intern

Jan 2025 - May 2025

Ikione Systems

India

- **Built a notes classification system** using CNNs to automatically categorize content across an existing bank notes marketplace.
- **Developed an automated workflow** that converts financial documents and reports into interactive video reports, **streamlining data presentation** for end users.

Technologies / Skills Used : CNNs

EDUCATIONS

MIT World Peace University | Pune, India

2022 - Present

B.Tech in Computer Science & Engineering

CGPA : 9.21

Lexicon International School | Pune, India

2018 - 2022

High School Certificate

Percentage : 92%

PROJECTS

Scribe | 📧 Dafto1

- **Built an agentic AI research assistant** that autonomously searches the web, reads pages and PDFs, generates visual diagrams, and delivers structured, cited answers.

Technologies / Tools Used : React, Node.js, Express.js, Ollama

Utility | 📧 Aryan-dani

- **Co-developed a minimalist academic workspace** for university students with **AI-powered document search, GPA simulation, focus timers, and task management.**

Technologies / Tools Used : Next.js 15, Supabase, Tailwind CSS

Fraud Lens | 📧 Dafto1

- **Developed an AI-based fraud transaction detection system** with a **FastAPI backend** and **Next.js frontend**, leveraging **machine learning for real-time classification.**

Technologies / Tools Used : Next.js, FastAPI, Python

PoseFlow | 📧 OpenFlo

- **Built a real-time exercise monitoring system** using **pose estimation** to track and evaluate body movements during workouts.

Technologies / Tools Used : Python, MediaPipe, OpenCV

SKILLS

Databases : PostgreSQL, SQLite, Supabase

Frameworks & Libraries : React, Next.js, Node.js, Express.js, FastAPI, Tailwind CSS, MediaPipe, OpenCV

Programming Languages : JavaScript (ES6+), TypeScript, Python, C, C++, HTML5, CSS3

Tools & Platforms : Git, GitHub, VS Code, Postman, Ollama, Linux/WSL2
